

What types of shipments are available to Mongolia?

Daily shipments of all types to the region are possible, including heavy and oversized shipments to mines in Mongolia or to construction sites in Iran, as well as temperature-controlled shipments. In addition, we have expanded groupage shipments to Mongolia and can also offer customs clearance there on your behalf.

Do you offer refrigerated and frozen shipments to Mongolia?

We offer professional refrigerated and frozen shipments to Mongolia. We always undertake this using refrigerated trailers from our own fleet. The Schmitz units allow constant temperatures of -18°C to +10°C and are in use for a maximum of three to four years before they are replaced. In this way, reliable refrigerated shipping is guaranteed.

How to transport goods in Mongolia?

We can transport your goods by solo vehicle on request. Other services for Mongolia provided by our forwarding agency are the B2B relocation service, preliminary and post-carriage transports, transports of goods with a high value and trade fair or exhibition goods transports to Central Asia.

Does Mongolia offer a full service customs clearance?

The same service is available for the import route into the EU. More than just shipping: use our full service including customs clearance for easy transit of goods. The service is available for imports and exports in Mongolia and the EU. As your representative, we are able to support you with a full service customs clearance.

Are full loads the right logistics solution for delivery to Mongolia?

Full loads are the right logistics solution if you have a high volume of freight for deliveries to Mongolia. We load the goods at the point of departure and transport them as a full truckload in our own HGV to Ulaanbaatar or any other city. We are able to offer complete customs clearance for the shipment on request.

What types of logistics do you offer to Mongolia?

Complete logistics from a single source: for Mongolia we offer all types of shipment according to individual needs. Over the years, our forwarding company has established an efficient groupage service for partial loads (LTL) to Mongolia.

A global logistics company, pharmaceuticals are generally shipped in temperature-controlled containers - this is regulated by the FDA. Insulated containers are a big component in climate-controlled shipping, as they block significant amounts of heat, temperature, and moisture from the outside.
