Aegis Power Systems, Inc. is a leading design and manufacture center for a variety of standard and custom power supplies. We supply advanced solutions for several markets and numerous applications. Our AC-DC power supplies and DC-DC converters are available in many options and configurations to suit a wide range of capability needs.

Low-profile AC-DC power supplies offer conduction, convection, and fan-cooled ratings for BF-rated medical and industrial equipment. XP Power introduces the CCR range of compact, low-profile (25.4mm) AC-DC power supplies with flexible cooling options and power ratings from 110W to 420W, allowing more efficient use of space within the end equipment.
