

Sanaa Solar Lighting System

What is Sanaa?

Sanaa is a platform that brings artists and their powerful works over to Australia to introduce communities to other cultures, experiences, and connections through celebration and education.

What is Sanaa architecture?

SANAA's buildings allow for unrestrained movement between spaces that are often free of structure, and that have no hierarchy of purpose. While their practice may appear to have a relationship to essentialist minimalism, their buildings are not a construction of ideal forms, but instead reveal a desire to make the components and spaces explicit.

Who is sunna design?

Founded in 2011, Sunna Design is a leading French designer, developer and manufacturer of intelligent, sustainable and connected solar streetlights. Thanks to our cutting-edge, patented technology, we offer solar lighting solutions that meet the economic, environmental and social challenges of territories around the world.

Why should you choose Sunna design?

In fact, the local authorities chose Sunna Design's solar streetlights, transforming a once dark space into a safe and welcoming place to [...] Sunna Design has the widest and most reliable range of solar solutions on the market. Its autonomous and connected street lamps solve a wide variety of public lighting problems.
