

Serbia sells brand new outdoor power supply

Will Serbia be able to supply electricity at market prices?

For the first time, consumers in Serbia are to be supplied electricity at market prices by a non-state-owned supplier.

Does Serbia still use lignite?

Lignite still covers half of total energy consumption, despite the rising share of oil products. Many lignite-fired and hydropower projects remain on hold, despite new capacity needs. Serbia is developing new power and gas interconnections with neighbouring countries. The energy policy is a prerogative of the Ministry of Mining and Energy.

Who makes a power system equipment & metering cabinets?

The company PLAMEN produces electric power system equipment and low and medium voltage accessories as well as polyester (SMC) metering and distribution cabinets, and the entire manufacturing process is carried out in our production halls.

Why is outdoor power supply a must-have for travelers?

"The world is so big, I want to see" aroused the resonance of so many people. Then the corresponding outdoor equipment has become a must-have for travelers, especially outdoor power supply.

Why do people buy outdoor power supply?

Most customers buy outdoor power supply is due to the capacity of charge pal is usually small, which cannot meet the demand of many charging electronic devices. Therefore, consider an outdoor power supply that can solve more than 80% of the charging of electronic devices. The diversity of all charging ports is also considered by the public.

How to choose a power supply for outdoor enthusiasts?

Lighting: A flashlight is also a must for outdoor enthusiasts. Install a lighting function in the power supply, this power supply integration function is more powerful. At present, there are two types of power supply: a round lamp, an energy-saving lamp. It is a great choice for outdoor lovers.
