

Solar powered mobile trailer

What is a mobile trailer solar power system?

A mobile trailer solar power system is a fully transportable solar power system designed to supply relatively small remote houses, radio repeater equipment, and other remote loads. Priced similarly to an installed system of the same capacity, it features 240VAC pure sine wave output and more than 4 days of battery backup capacity.

Which are the best solar powered camping trailers?

The Bowlus Road Chief, Bruder EXP-6, and Colorado are solar powered camping trailers that are popular choices. The Bowlus Road Chief features an aluminum skinned body, while the Bruder EXP-6 is a storm-proof off-road trailer capable of accommodating adults of average and above-average height. The Colorado is also a solar-powered off-road teardrop trailer.

What components are included in a solar trailer?

A solar trailer includes a 210W to 250W solar panel, a Blue Sky Energy Solarboost 3024DiL MPPT solar regulator, and a Geltech deep cycle battery bank. The trailer also features a vandal resistant lockable equipment enclosure and an 8m extendable mast for communications antennae.

What is a solar auxiliary trailer?

Additional solar - plug and play. These Solar Auxiliary trailers are designed to boost the solar energy harvest of our MS and AN Series generators. Energy dense compact solar generators. Hands off, modular and stackable. Non-trailer based autonomous generators, ideal for remote areas.

How does mobile solar work?

Mobile Solar works with each individual client to make sure the right unit, specs or custom configurations meet any power need up to 25 kVa. These giant rolling solar arrays connect to our MS and AN Solar generators. By increasing your daily solar harvest, they are the perfect solution to the "not enough solar" problem.

Can mobile solar design & manufacture a solar generator?

Mobile Solar can design & manufacture solar generators and mobile power systems to fit most residential and commercial demands. View our line of generators below. Our primary line of trailer-based solar generators. Built with high efficiency solar modules and industrial battery banks. Silent, efficient & durable. Additional solar - plug and play.
