

Who is Thai Energy Storage Technology plc?

THAI ENERGY STORAGE TECHNOLOGY PLC. formerly known as Thai Storage Battery Company Limited, was founded in 1986 and became a public company limited in 1994. It later became a member of the Hitachi Chemical Group in September 2017 and changed its name to 'Hitachi Chemical Storage Battery (Thailand) Public Company Limited' on 3rd January 2019.

What is the demand for battery energy storage systems in Thailand?

The demand for battery energy storage systems in Thailand has been growing as the country's renewable energy capacity expands. This trend is expected to continue in the post-pandemic era. In the Thailand Battery Energy Storage Market, leading players include international companies such as Tesla, LG Chem, and BYD.

What technologies is Thailand exploring for energy storage?

Thailand is currently carrying out pilot projects for the development of an advanced grid system to better manage grid volatility. The private sector is also pursuing opportunities to develop projects with battery energy storage system (BESS) technologies.

What is a battery energy storage system?

A battery energy storage system (BESS) is an integral part of storing excess energy generated from renewable sources and ensuring a stable power supply. With a growing emphasis on clean energy and sustainability, the demand for BESS is expected to surge.

Thailand Energy Storage Technology Association (TESTA) 114 Thailand Science Park Phahonyothin Road Khlong Nueng, Khlong Luang Pathum Thani 12120 Tel: +662 564 6500 ext. 4118 E-mail: General Contact contact@testa.or.th ...

Focused on the import, assembly and distribution of battery modules and battery packs for energy storage systems and EVs, the plant will deliver high-quality lithium ion batteries with an initial production capacity of 2 gigawatt-hours per year.

DynaChisso (Thai) Co is a leading thermoplastic compounding company in Thailand. DynaChisso's self-branded compounded PP (polypropylene) is widely used in various parts in automotive, motorcycle, home appliances, and electronics devices by well-known brands.
