

Tool lithium battery set

What batteries are included in a tool combo set?

The batteries that tool brands include in their combo sets are typically the lower capacity, 2.0 amp-hour (Ah) variety, though some sets offer larger capacity batteries. Battery chargers also vary. Some sets will include basic chargers, while others come with higher-end, fast chargers that fully recharge batteries in as little as 45 minutes.

What kind of batteries do Makita tools use?

It's part of Makita's expanding 18V Lithium-Ion system, the world's largest cordless tool system powered by 18V Lithium-Ion slide-style batteries. Makita 18V Lithium-Ion batteries have the fastest charge times in their categories, so they spend more time working and less time sitting on the charger.

What's in a AB7331-2 battery pack?
