

Tunisian companies exporting energy storage products

What is the energy sector in Tunisia?

The sector also offers opportunities for possible Build-Own-Operate (BOO) or Build-Operate-Transfer (BOT) projects. Much of Tunisia's electricity production comes from gas turbines. Major players in this sector include General Electric (USA), Mitsubishi (Japan), Ansaldo (Italy), and Siemens (Germany).

What percentage of Tunisia's electricity is renewable?

In 2022, only 3% of Tunisia's electricity is generated from renewables, including hydroelectric, solar, and wind energy. While STEG continues to resist private investment in the sector, Parliament's 2015 energy law encourages IPPs in renewable energy technologies.

What is TuNur doing in Tunisia?

TuNur is developing a series of renewable energy projects that will produce low-cost green electrons and molecules in Tunisia for export. Each export project consists of three components: 01. Generation

Will Tunisia's energy future be dominated by hydrocarbon-based generation?

Though hydrocarbon-based generation will continue to dominate Tunisia's overall energy picture in the near term, the potential for growth in wind and solar power generation is significant. The GOT is highly interested in diversifying into renewable energy technologies to help meet growing domestic electricity demand.

Who produces electricity in Tunisia?

State power utility company STEG controls 92.1% of the country's installed power production capacity and produces 83.5% of the electricity. The remainder is imported from Algeria and Libya as well as produced by Tunisia's only independent power producer (IPP) Carthage Power Company (CPC), a 471-MW combined-cycle power plant.

What is Tunisia's most valuable export?

The lone decliner among Tunisia's top 10 export categories was mineral fuels including oil, pulled down by a -16.4% year-over-year drop. At the more granular four-digit Harmonized Tariff System code level, insulated wire or cable represents Tunisia's most valuable exported product worth 14.9% of the country's total.
