These solar gate light for home is super easy to ...

We installed the solar light near the side of our house, facing our gate, and discovered that it provided an impressive 10 feet x 10 feet of lighted area. At 1000 lumens (the highest on our list), we found that the light's maximum range was roughly 25 feet, which is rather good for a solar-powered light. Setting up the lights was also a breeze.
