

desertcart ships the variable dc power supply in Harare, Bulawayo, Chitungwiza, Mutare, Gweru and more cities in Zimbabwe. Get unlimited free shipping in 164+ countries with desertcart ...

Battery technology: Lithium-Ion (Li-Ion), Battery capacity: 42000 mAh, Charging source: AC, Cigar lighter, Solar. Product colour: Green, Black, Shape: Rectangle, Control type: Buttons. USB ...

PocketPD is a USB Type-C powered bench power supply that fits inside your pocket. Paired with a modern USB-C charger or power bank, it is a full-featured power supply that can provide a wide range of voltage with built-in safety. It is equipped with an OLED display, current sensor, and banana jack output for all your standard equipment.

In Zimbabwe, where power outages are a common challenge, portable power stations like the UAPOW AP1000 offer a practical solution. These devices can power essential appliances such as refrigerators, lights, and ...

Get your own Home or Office Power Bank with Sona Solar Zimbabwe: A power station that Powers Lights, TV, Radio, Computers/ Laptops, Phone Chargers and basic electronics (Max Power 1KV). PORTABLE PLUG ...

Its battery is lighter than lead-acid batteries and boasts a compact and elegant design. The system offers three operation modes that can be configured based on energy ...

DC Power supplies from Rohde & Schwarz Designed for versatile applications Rohde & Schwarz offers a versatile portfolio of DC Power supplies that fit variety of test and measurement scenarios. Whether you are looking to equip an educational lab or integrate a power supply into a production test system, we have the right equipment for you.

Portable programmable power supply Portable programmable power supply (PPPS) is a compact and efficient USB power supply. which uses USB type-c as input, supports PD mode, and the output range is 1-22V. It is controlled by USB, wifi, bluetooth, and It ...

Programmable DC Power Supplies DC power supplies provide a regulated DC output to power a component, a module, or a device. A power supply must deliver voltage and current that is stable and precise, with minimal noise to any type of load: resistive, inductive ...

The FNIRSI-DP150 is a high-performance adjustable DC power supply launched by our company. It features

a Type-C input interface and multiple power supply modes, allowing precise adjustment of output voltage (0-30V) and current (0-5A). It provides efficient, low-consumption, and stable output, equipped with multiple saf

In Zimbabwe, where access to reliable electricity can often be a challenge, the demand for innovative energy solutions is at an all-time high. The UAPOW AP1000 Portable ...

A programmable power supply integrates seamlessly into automated test setups, enabling engineers to run complex voltage sweeps, stress tests, and device characterization with precision and efficiency. ... This ensures accurate performance evaluation for IoT devices, wearables, and portable electronics. Expert Tips for DC Power Supply Measurement

The increased operating speed can lead to highly dynamic power demand from the power supply, which poses a challenge during testing when you source power using programmable power supplies. The high-speed current waveforms can ...

Programmable power supplies allow the user to precisely define the DC power output characteristics and many other parameters such as alarm thresholds and control signal responses. In this way, stable and accurate power delivery, ...

B& K Precision's power supply families cover basic to high performance, 30 W to 5100 W, single or multiple outputs, programmable and non-programmable, linear, switching, mixed mode, multi range (auto), dual range, as well as support for ...

An autoranging power supply automatically adjusts its voltage and current output within a defined power limit, allowing a wider operating range compared to fixed-range power supplies. This flexibility makes it ideal for applications that require ...

Digilent's Discovery USB Programmable Power Supply (DPS3340) is a three channel variable DC programmable power supply that allows users to control the power provided to their external circuits. ... Analog Discovery Pro 3000 Series: ...

Sophpower Electronics design and manufacture AC Power Sources, Linear AC Power Sources and High Power DC Power Supplies for Defense, Aerospace, Electronic components and ...

This high power AC and DC test system covers a wide spectrum of AC and DC power applications at an affordable cost. Using state-of-the-art PWM switching techniques, the RS series combines compactness, robustness and functionality in a compact floor-standing chassis, no larger than a typical office copying machine.

MEAN WELL offers a comprehensive power solution with our versatile series of power supplies. You can use this product overview tool to find product information and datasheet of all MEAN WELL products, such as RS, LRS, UHP series for industrial application

Our Bulletin 1606-XLE Essential Switched Mode Power Supplies are available in 12, 24, and 48V DC output from 80...960 W with 120% power boost. Our Bulletin 1606-XLP Compact Switched ...

290 Samora Machel Avenue, Eastlea Harare power@pristinezim .zw Phone : +263732227895 / +263 773 227 895 Tel : +263 8644 307 480 / 0242776495

Universal AC/DC Power Supply (part# 4766550) for Impulse 6000/7000, SigmaPace 1000, ProSim 8. Request a quote or demo. First Name * Last Name * ... Portable Oscilloscopes; Accessories; Dosimeters. Real-time Staff Dosimetry; LANDAUER Dosimeters; Radiation Safety. RaySafe 452; 451P; 451B; Software.

NGI manufactures battery simulator, programmable DC power supply and DC electronic load. The industries NGI serves cover consumer electronics, fuel cell, new energy vehicle, ...

Usage: Programmable power supplies offer precise control over voltage and current settings and are used for automated testing and production. Features: Remote programming interfaces (e.g., USB, LAN), voltage/current profiles, and data logging. ... Applications: Used in portable radios, toys, and other battery-operated devices.

Figure 2: B& K Precision PVS Series High Power Programmable Power Supplies provide many useful features such as high programming resolution, multiple remote interfaces for test systems, and a built-in SAS (solar array simulator) ...
